

# **Intern/Tutor Training 2021**

**Intern portfolio on  
CPD system**

**Prof. N Butler**

**South African  
Pharmacy Council**

# Outline

- Competency standards
  - ➔ Selecting a domain
  - ➔ Selecting a competency standard
- CPD
  - ➔ CPD cycle
  - ➔ Evidence
  - ➔ Example
- Assessment
  - ➔ Feedback from assessor
  - ➔ Re-assessment
- Professionalism
- Confidentiality
- Role of the tutor
- Challenging competency standards

Mostly aimed at interns; and also provides guidance relevant for tutors

# Important Resources

- The **2021 Intern and Tutor Manual**  
(*download from SAPC website*)

for the pre-registration experience of pharmacist interns which includes:

- ➔ Criteria for assessment of a CPD entry (manual)
- ➔ Checklist for CPD portfolio (manual)
- ➔ Competency standards for pharmacists (manual)

- Other resources

- ➔ Tutor
- ➔ SAPC website

# Competency Framework

Take a few minutes to  
familiarise yourself with  
the competency  
framework  
(refer to your Manual,  
Annexure B)

# CPD Terminology

**DOMAIN  
COMPETENCY  
STANDARD**

**BEHAVIOURAL  
STATEMENT**

# Six Domains

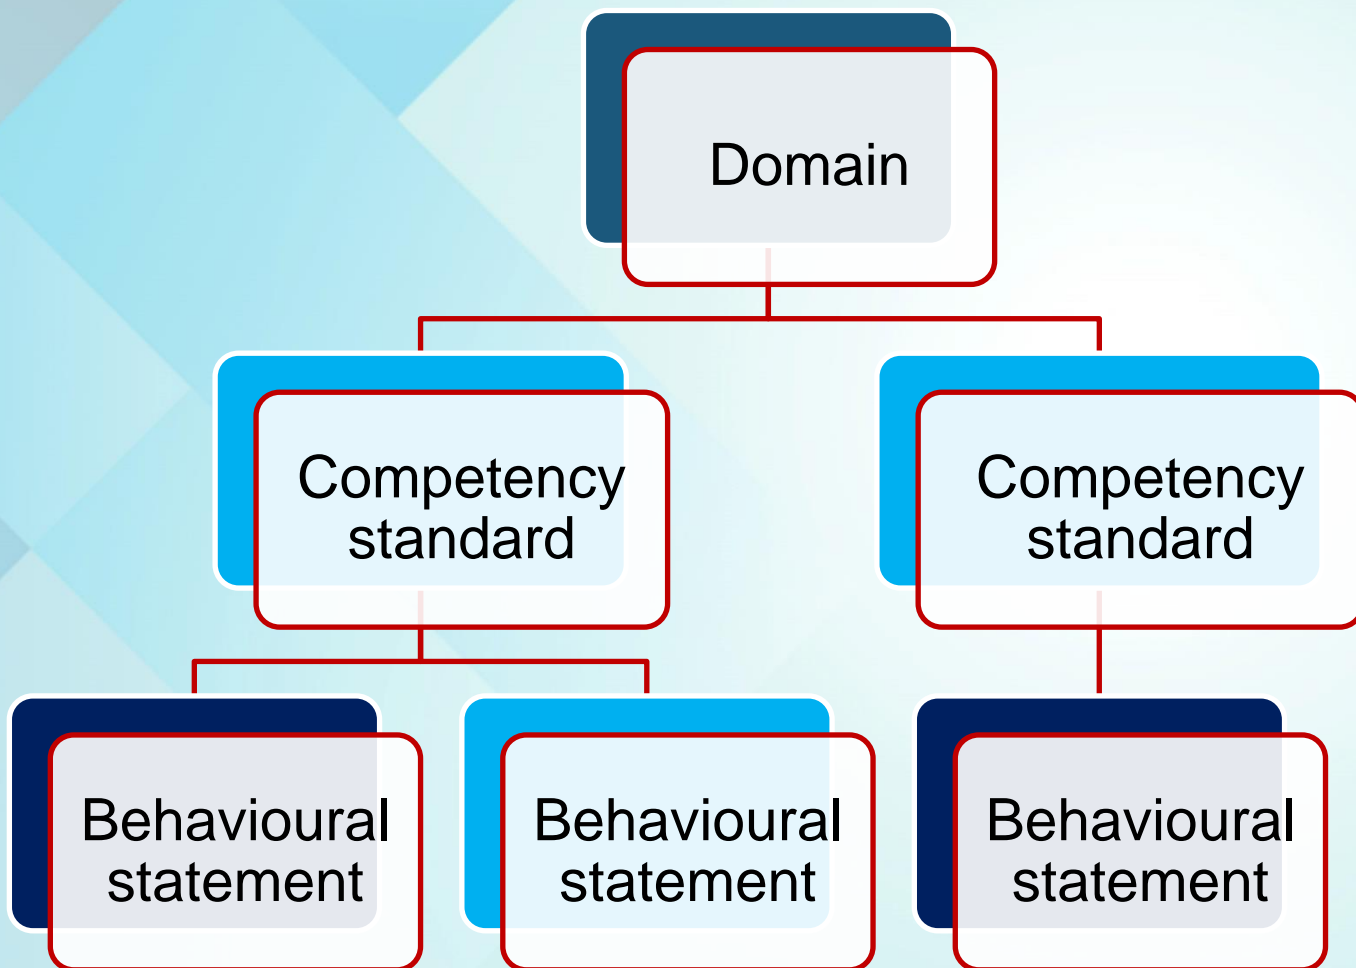

Domains are  
organised  
clusters of  
competencies

1. Public health
2. Safe and rational use of medicines and medical devices
3. Supply of medicines and medical devices
4. Organisational and management skills
5. Professional and personal practice
6. Education, critical analysis and research

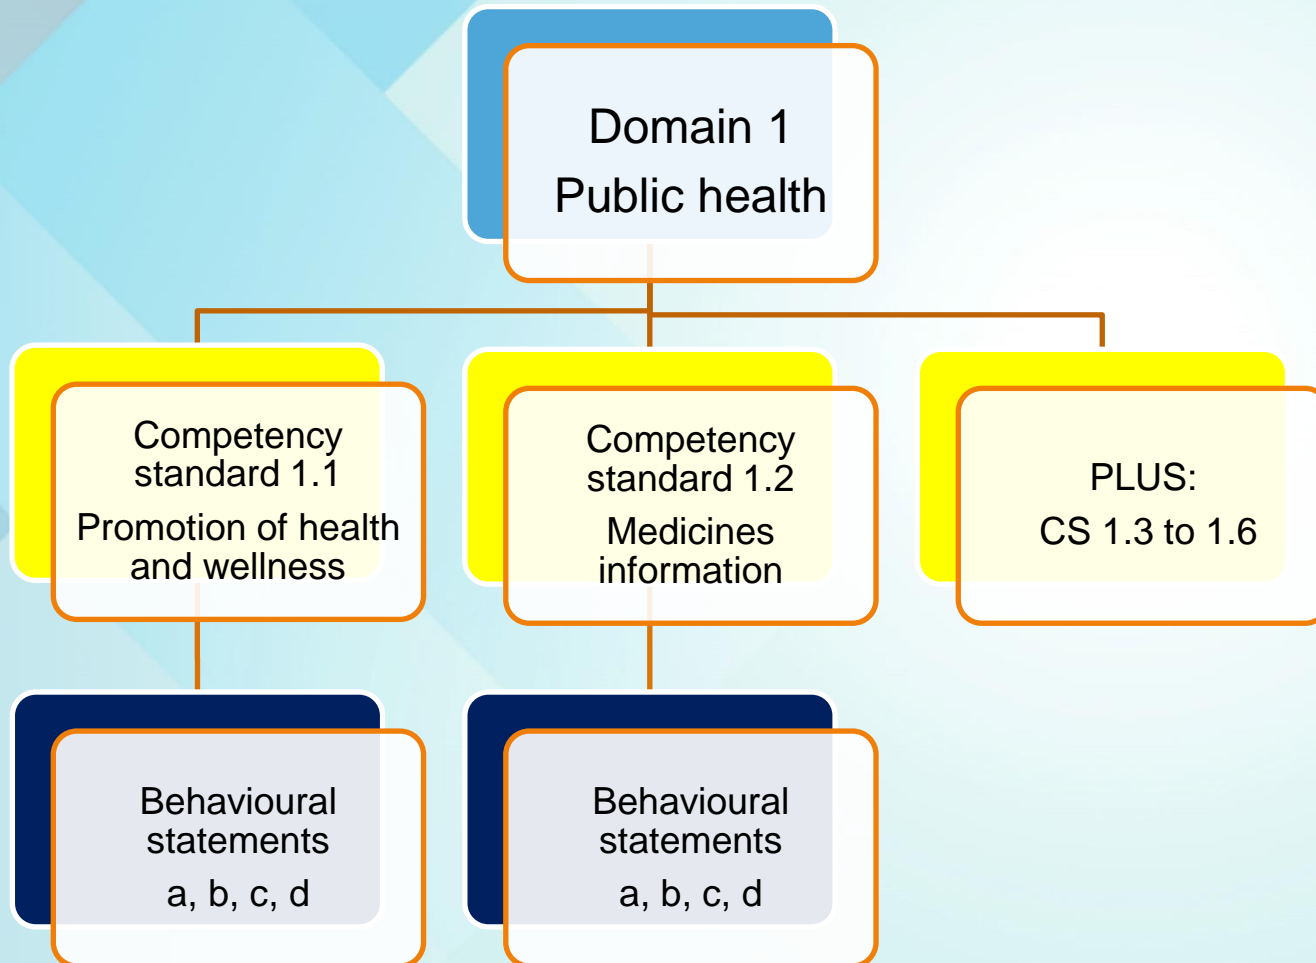

# Competency framework

# Competency framework example

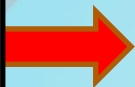

# Terminology

## (refer to intern manual CS 2.6)

Competency  
from  
domain 2  
= 2.6

### 2.6 Pharmacist initiated therapy (PIT)

**A person who has achieved this standard is able to demonstrate the following behaviours:**

- (a) Assessing and treating a patient based on objective and subjective signs and symptoms as guided by relevant legislation and within the scope of practice.
- (b) Discussing the use of appropriate medicines and obtaining consensus from the patient, taking into account patient preferences, allergies and medical history.
- (c) Documenting any intervention, including medicine supply, according to current legislative requirements.
- (d) Referring patients, when required, to an appropriate healthcare provider/resource.

#### **Assessment (Tick appropriate box)**

Does this standard form part of my current practice of pharmacy?

Yes ☐ No ☐

**IF YES,** on the basis of the evidence I have identified I can do this.

Behavioural  
statements  
(a,b,c,d)

# Structure of the Competency Standards

## DOMAIN 1: PUBLIC HEALTH

### Does this domain apply to me?

**The domain applies to all pharmacists whose practice includes promotion of health and wellness through the provision of healthcare information and education to the public and other members of the healthcare team**

### INTRODUCTION

Domain 1 covers public health and includes competencies that are required in both the public and private healthcare sectors to promote health and wellness through the provision of healthcare information and education to the public and other members of the healthcare team.

The provision of medicines and healthcare information and education forms an integral part of the scope of practice of a pharmacist. The availability of specialised pharmaceutical knowledge at all levels of care, including primary healthcare (PHC), is an important component for the delivery of effective and efficient pharmaceutical services.

The domain covers competencies that are required to promote health, promote and monitor adherence and apply pharmacoeconomic principles.

The public health domain competencies are:

### COMPETENCIES

- |     |                                  |
|-----|----------------------------------|
| 1.1 | Promotion of health and wellness |
| 1.2 | Medicines information            |
| 1.3 | Professional and health advocacy |
| 1.4 | Health economics                 |
| 1.5 | Epidemic and disaster management |
| 1.6 | Primary healthcare               |

**A person who has achieved this standard is able to demonstrate the following behaviours:**

- (a) Provide advice on health promotion.
- (b) Provide advice on disease prevention and control.
- (c) Provide advice on healthy lifestyles.
- (d) Participate in public health campaigns.

### **Assessment (Tick appropriate box)**

Does this standard form part of my current practice of pharmacy?

Yes ☐ No ☐

**IF YES,** on the basis of the evidence I have identified I can do this.

# Continuing Professional Development

▶ CPD

# Continuing Professional Development (CPD)

- ▶ Definition: the process by which registered persons maintain and enhance their competence throughout their professional careers
- ▶ Encompasses a range of activities including continuing education and supplementary training
- ▶ CPD enables registered persons to develop in their area of practice and demonstrate competence

CPD is a

cyclical activity

# Continuing Professional Development (CPD) Cycle

# First step: Reflection

What do I need to know/learn to do?

# Reflection

- Decide on an appropriate Learning Title
  - ➔ Should be relevant to what you want to learn
  - ➔ NB: Don't simply copy the wording of the CS
  - ➔ Verbatim copies of the wording = NYC
  - ➔ The learning title must be unique and describe your case study

# Reflection

This will determine the choice of CS and behavioural statements

Ask yourself

- ➡ What do I need to learn? i.e. **own** learning need
- ➡ How do I know that's what I need to learn?
- ➡ What will I do with what I have learned?

Describe this learning need

- ➡ Make it a personal reflection, i.e. use the personal pronoun "I"
- ➡ Be careful not to describe the learning need of the patient
- ➡ NB! The learning need must be related to the selected outcome

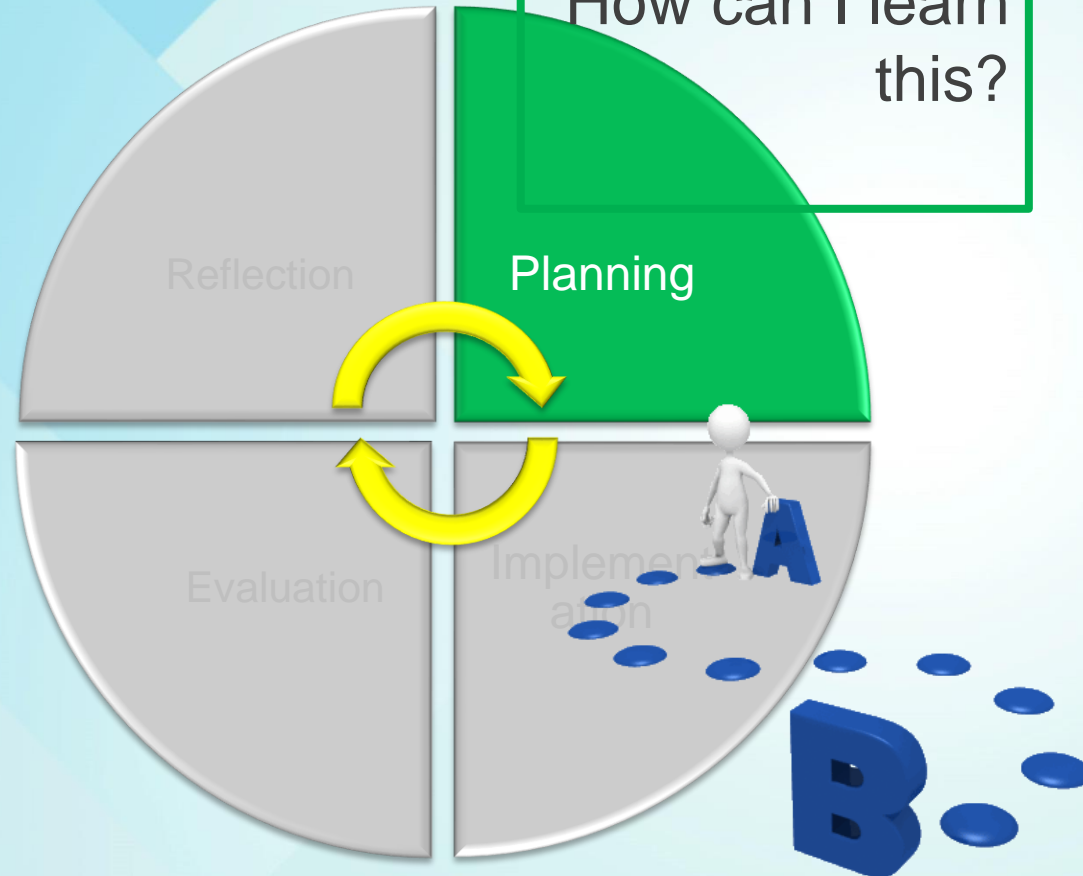

# Reflection

CHECKLIST	YES	NO
<b>TITLE</b>		
Is there a title?		
Is the title short, specific and related to the competency standard (CS)?		
Is the title a concise statement in my own words (not just a copy of the CS)?		
<b>REFLECTION</b>		
Have I clearly stated what <b>I need to know or learn</b> ?		
Have I stated my learning need in the first person, e.g. "I need to know/learn ..."?		
Have I stated why I have identified this learning need for myself and not just stated that it is a required outcome?		
Have I made sure not to include details of planning and implementation here?		

# Second step: Planning

How can I learn this?

Use  
behavioural  
statements  
to guide  
your  
planning

# Planning

NB: Don't only describe how you plan to proceed, but say **what** you are going to do, **how** you are going to do it, **why** you are going to do things this way and **when** you are going to do it

- How, exactly, am I going to learn this?
- What are my options?
  - Refer to the behavioural statement and structure planning accordingly
  - Mention relevant resources to be used
  - What evidence can I submit to support my learning activity?
  - Planning is written in future tense (I will do....)

Carefully select primary learning trigger and activity

# Planning

CHECKLIST	YES	NO
<b>PLANNING</b>		
Have I clearly stated <b>how</b> I am going to learn?		
Have I identified which resources I will be using?		
Have I explained how I will be using the resources?		
Have I made sure NOT to just write what I intend to do (which is implementation)?		
Have I written this in the future tense?		

# Third step: Implementation

Completing  
the activity,  
What have I  
done?

# Implementation

➤ Describe what you did actually

Tell the story.  
Keep it  
personal, use  
“I”

- ➡ Provide the context
  - what, when, where, how
- ➡ Link to the evidence
- ➡ Remember to include ALL the behavioural statements of the chosen outcome
- ➡ Implementation is written in the past tense ( I did...)

**EVIDENCE**

More  
about  
this  
later!

# Implementation

CHECKLIST	YES	NO
<b>IMPLEMENTATION</b>		
Have I described exactly <b>what</b> I did?		
Have I included <b>where, when, what and how</b> ?		
Have I written this in the past tense?		
Have I referred to the labels of my evidence (i.e. the behavioural statements) in the text?		
Have I checked that what I did matches my learning need?		
Have I checked that what I did addresses all the behavioural statements of the CS?		

Implementation must be supported by  
Evidence!

# Evidence

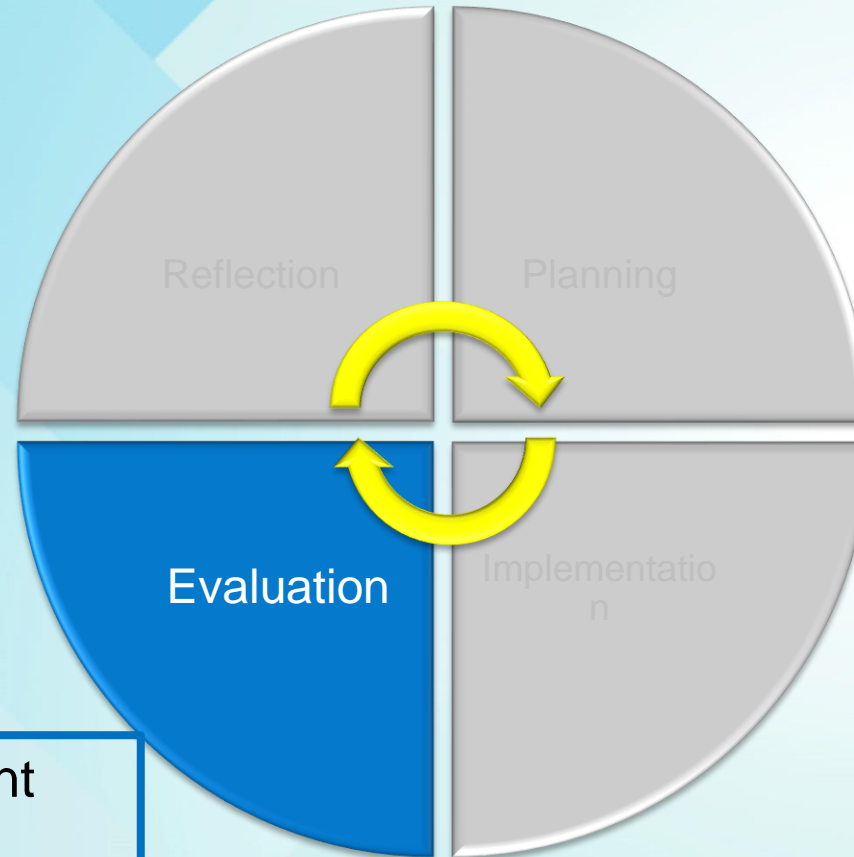

CHECKLIST	YES	NO
<b>EVIDENCE</b>		
Have I checked that I have <b>sufficient</b> evidence i.e. have I covered at least 75% of the behavioural statements of the CS?		
Have I <b>annotated</b> my evidence so that it is clear why I have included each piece?		
Have I <b>annotated</b> my evidence with the <b>behavioural statements</b> , and does this match the behavioural statements mentioned under Implementation?		
Is my evidence clear i.e. readable, not loaded upside down, etc.?		
Have I made sure that all patient identifying details (such as name, surname, ID number) have been hidden?		

Still more  
about this  
later!

# Fourth step: Evaluation

What have I learnt  
and how have I  
applied my learning?

# Evaluation

## FOCUS HERE IS

- ➔ Learning outcome i.e. what have you learnt – related to evidence?
- ➔ Application i.e. how have you subsequently used your acquired knowledge
- ➔ Impact i.e. how has your acquired knowledge changed your practice
- ➔ Identification of further learning needs

- **NB! NOT** “What I did”

NB: Provide examples to substantiate this

# Evaluation

CHECKLIST	YES	NO
<b>EVALUATION</b>		
Have I clearly stated what I learnt from the action described under Implementation?		
Have I checked that my learning matches my learning need and is relevant to the CS?		
Have I clearly described how this learning has impacted on the way I practice?		
Have I given a specific example of how I applied this learning i.e. something I did after the action described? Have I remembered that I don't have to provide evidence for this, but just have to describe it?		
Have I clearly noted my future learning needs?		

# CPD Cycle

**Each  
phase** of the  
cycle must be  
completed for  
**every CPD  
entry**

# Stepwise approach

7. Check for feedback
6. Tutor verifies and submits online
5. Enter and submit **online for tutor verification**
4. Start CPD cycle
3. Read all behavioural statements
2. Select a Competency
1. Select domain

Make sure your tutor has verified and submitted your entries by the deadlines published in intern/tutor manual

This has 4 steps:  
Reflection  
Planning  
Implementation  
Evaluation

Focus on relevance to your practice setting

 Complete annual declaration first!

# Once you have chosen a competency...

- Check again that it is **appropriate** for your practice setting
- Read all the behavioural statements
- Decide on the evidence (at least 75% of the behavioural statements)
- Follow through
  - ➡ As you complete each phase of the CPD cycle, make sure what you write is relevant to the chosen outcome

**REFER TO CHECKLIST!**

# Requirements

- ▶ You need to submit 6 CPD entries
  - ➔ One from each domain
  - ➔ And be **successful in all 6** CPD entries
  - ➔ **For Domain 5 it is compulsory to do CS 5.3**
  
- ▶ For each Domain choose one competency
  - ➔ Read all the behavioural statements carefully
  - ➔ 1-3 behavioural statements = evidence needed for all the statements (100%)
  - ➔ If there are  $\geq 4$  behavioural statements, provide evidence for at least 75%
  - ➔ NB: Consult your Manual for details of the behavioural statements

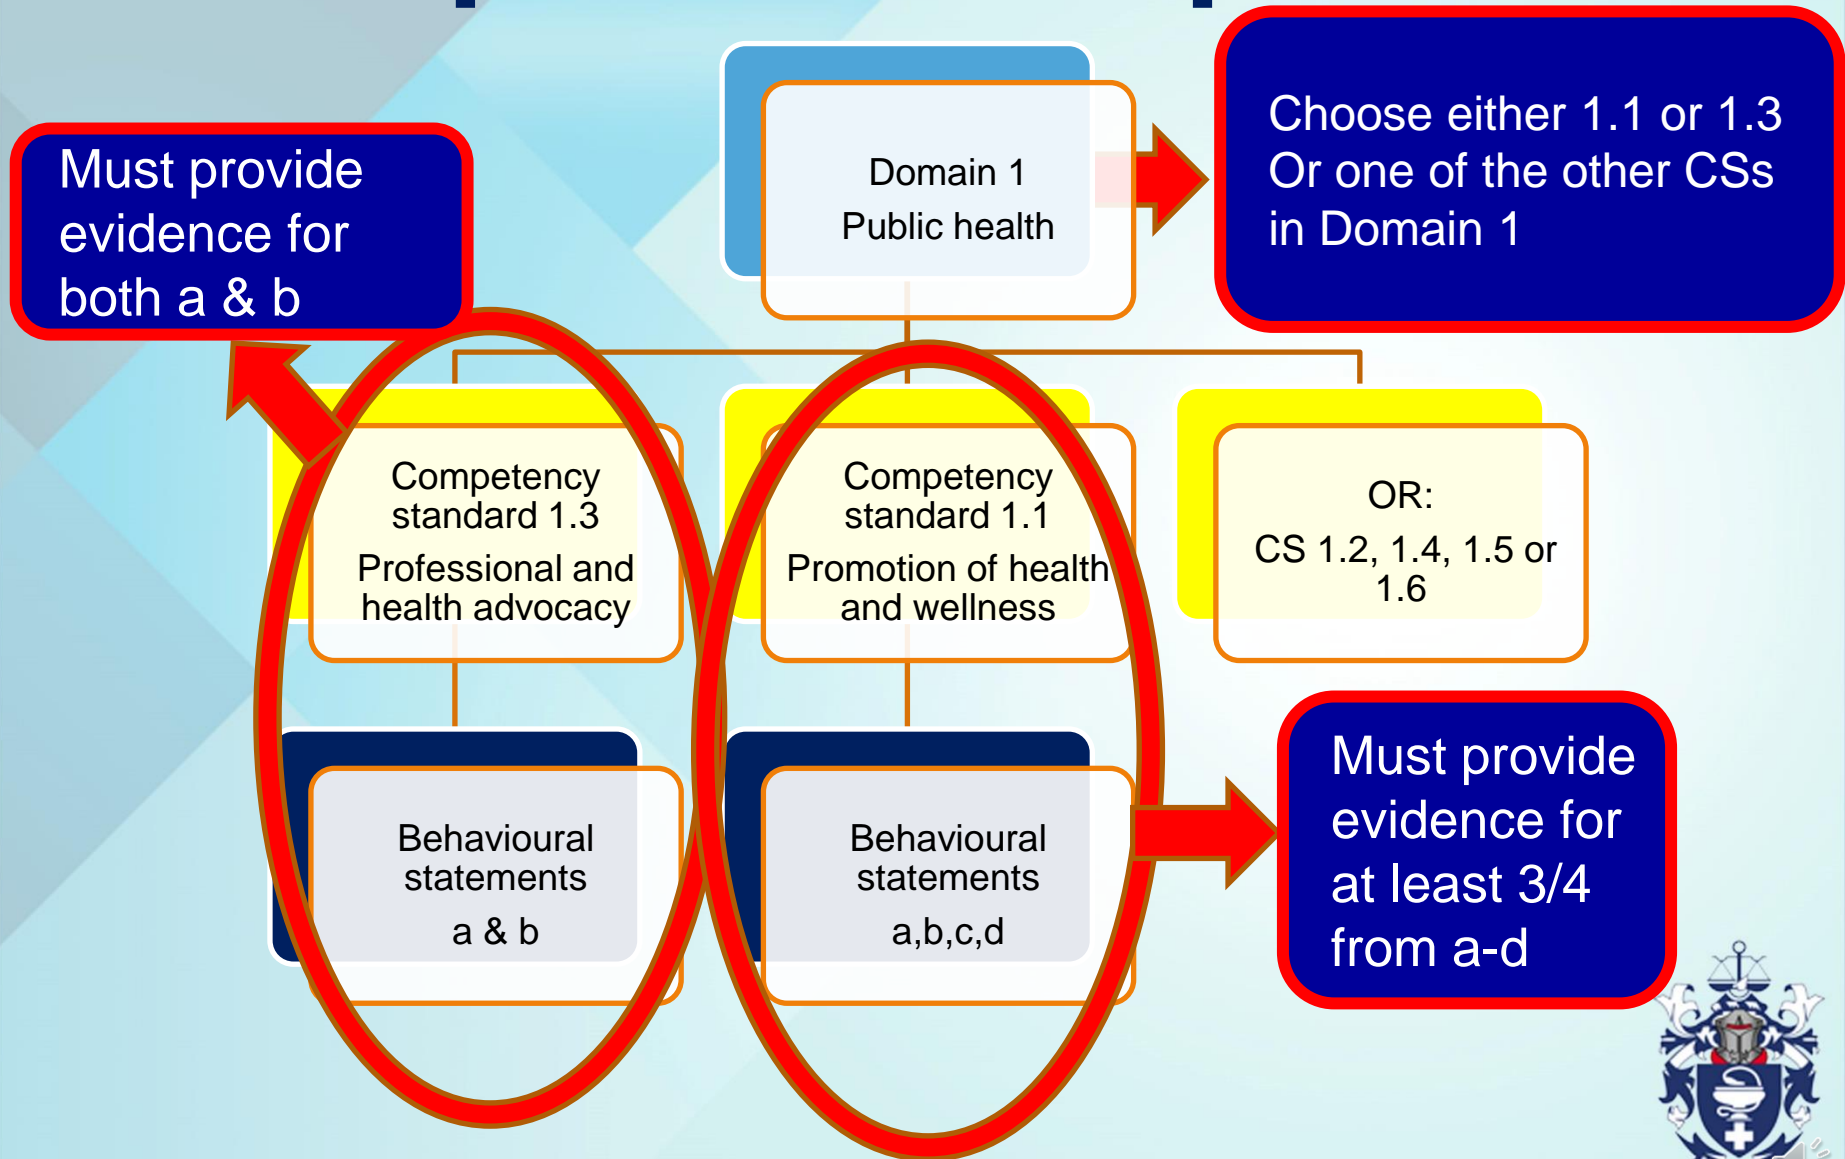

Each entry must be accompanied by suitable evidence

NB: Every CPD entry must reflect individual work

 **No group activities are acceptable**

# Requirements example

# Evidence criteria

# Annotation

## What it is

- ▶ Mechanism to give meaning to evidence
- ▶ Justifies why evidence included
- ▶ Must be planned and meaningful
- ▶ Must provide links to behavioural statements

## What it isn't

- ▶ Merely labels
- ▶ Single words next to parts of evidence
- ▶ Scribbles on evidence
- ▶ Lacking links to behavioural statements

Must tell a story!

And the story is “What have I done to show behaviour”

# Annotation of the date on a prescription

## ▶ Meaningful annotation

▶ 20/02/2021

**For a prescription to be valid, it must be presented for dispensing within one month after it was written. This prescription is thus valid**

## ▶ Annotation with no value

▶ 20/02/2021

**This is the date of the prescription**

# Annotation of evidence

I checked the medicine, name, strength, pack size & price

Batch number: I compared the batch number with the batch number on the parcel to ensure that it is the same. This is important for batch traceability.

Expiry date: I checked the expiry date to confirm that it is not short dated. I used the expiry date to pack the medicine on the shelf according to FEFO principle

The parcel was received in good order. The medicine was not damaged or short dated. The medicine was captured onto the system to update the stock levels. The medicine was stored on the shelf below 25-C in alphabetical order with the other S5 medicine as per SOP

Quality of annotation?

# Poll on Annotation

- ▶ <https://forms.office.com/Pages/ResponsePage.aspx?id=jJAbS4JVd006B6NtZeNJNLgvM6Zai0xDhuACSYtkk-IUMzBZQUJRNDIZVk9CVEExRTdLMEtEMDZVSS4u>. OR

- ▶ CPD entry must relate to exposure to CSs DURING the internship period
- ▶ Evidence must therefore be collected DURING the internship
- ▶ Don't include anything from your undergraduate years

**NB: If evidence is not valid, the other 3 criteria do not count**

- ▶ Evidence must pertain to the specific competency being addressed
- ▶ If the competency is about how to fry an egg and your evidence is about how crispy the bacon is, it is of no value
- ▶ If factual and/or calculation errors occur in the evidence
  - Deemed NOT valid

- ▶ Authentic = own work
- ▶ The evidence must be verified online by your tutor
- ▶ Tutor verification
  - Make sure your tutor verifies your entries
  - Make it your responsibility to check

- ▶ If there are 4 or more, then the evidence submitted must cover at least 75% of the behavioural statements

**Make sure  
you have  
enough  
evidence**

**NB: Focus on  
the QUALITY not  
only on the  
QUANTITY of  
evidence**

- ▶ The same piece of evidence can't be used for more than one CS

# Evidence

**HINT** Put yourself in assessor's shoes before submitting evidence.  
Ask: What does it show?  
Will probably point to need for more discussion and/or annotation

## Photos

Add date stamp!  
Meaningless  
**UNLESS**  
authenticated **AND**  
you identify  
yourself  
Can be anyone in  
the photo!  
Maintain patient  
confidentiality

## Pages from SAMF

Reference name,  
edition, page  
number, etc  
What does this  
show?  
That you can use a  
scanner or  
photocopier?

## Delivery notes

What does this  
show?  
Stock was  
delivered, but  
received by whom?  
Signatures not  
annotated are  
meaningless

# Evidence

- ▶ No highly glossy photos
- ▶ Not uploaded upside down
- ▶ The evidence must be clear and legible
- ▶ The evidence must be in **one** document
- ▶ Annotate, annotate, annotate!
  - Link evidence to a specific behavioural statement,
  - Identify your own signature
  - Remember the assessor does not know you

# What kind of evidence?

If I'm providing  
information to a  
patient...

Prescription  
+?  
+?

But if I'm  
providing  
evidence to a  
group...

Attendance register  
Presentation  
Reference materials used  
Feedback

► Attendance register - + presenter name, date, venue

➤ Only **one presenter**

➤ Feedback on presentation – should reflect knowledge and understanding of audience after the presentation (it is not a rating of the presenter)

# What kind of evidence?

I'm consulting  
with a patient

Patient history  
Rx, request from patient,  
blue copy, label,  
reference material used

But what if I'm  
consulting with  
a doctor?

Reason for consultation  
eg. Rx,  
Reference material used

- ▶ References – scientific, not Wikipedia
  - Must also be annotated
  - Include page, edition e.g. for SAMF

# What kind of evidence?

Sometimes I  
attend a  
meeting ...

Agenda  
Attendance register  
Minutes of meeting  
Most VIP: own contribution  
to meeting

# What kind of evidence?

I will also be  
working with  
data ...

Reason for data collection  
e.g. screening report  
Data analysis

# Evidence

CHECKLIST	YES	NO
<b>EVIDENCE</b>		
Have I checked that I have <b>sufficient</b> evidence i.e. have I covered at least 75% of the behavioural statements of the CS?		
Have I <b>annotated</b> my evidence so that it is clear why I have included each piece?		
Have I <b>annotated</b> my evidence with the <b>behavioural statements</b> , and does this match the behavioural statements mentioned under Implementation?		
Is my evidence clear i.e. readable, not loaded upside down, etc.?		
Have I made sure that all patient identifying details (such as name, surname, ID number) have been hidden?		

# Evidence ... summary

- ▶ Evidence is proof of **what I did**
  - **NOT** merely reading an article
  - **NOT** theoretical scenario
  - **NOT** witnessing someone else
- ▶ Must convince the assessor that **I performed** the activity
- ▶ Must be professional
  - Neat, clear
  - Not a note scribbled on a Rx!

# CPD Entry Example

- ▶ I was asked to participate in a public health campaign
- ▶ Relevant Competency
  - Competency standard 1.1.

# Structure of the Competency Standards

## DOMAIN 1: PUBLIC HEALTH

COMPETENCIES	
1.1	Promotion of health and wellness

**A person who has achieved this standard is able to demonstrate the following behaviours:**

- (a) Provide advice on health promotion.
- (b) Provide advice on disease prevention and control.
- (c) Provide advice on healthy lifestyles.
- (d) Participate in public health campaigns.

### **Assessment (Tick appropriate box)**

Does this standard form part of my current practice of pharmacy?

Yes ☐ No ☐

**IF YES**, on the basis of the evidence I have identified I can do this.

# Reflection

- ▶ **Learning title:** Participation in COVID-19 health campaign at Steve Biko Academic Hospital
- ▶ **What triggered the learning:** My pharmacy manager asked me to participate in a COVID-19 health campaign and I did not know what this entailed
- ▶ **Learning need:** I needed to learn how to provide advice and participate in public health campaigns
- ▶ **What do I hope to achieve:** I hope to be familiar with the steps required to plan and successfully participate in public health campaigns

# Planning

- ▶ Plan to make a poster using relevant (Valid, current, authentic, sufficient) sources (National department of health and WHO policies and guidelines, SAPC website)
- ▶ I will include information on:
  - health promotion (a), healthy lifestyles (c),
  - disease prevention and control (b).
- ▶ Verify the poster with my tutor
- ▶ Use the poster in my health campaigns
- ▶ Get feedback (attendance register) (d)
- ▶ Obtain the participation letter (d)
- ▶ I plan to participate in the COVID-19 screening using the screening tool (d)
- ▶ Why?: I will do all this in order to be able to participate in a public health campaign

# Implementation

- ▶ I consulted the following sources – National Department of Health (evidence a/1.1a) and WHO policies and guidelines (evidence b/1.1b), SAPC website (evidence c/1.1c)
- ▶ I formulated the poster to use in the campaign (evidence d/1.1 a-c)
- ▶ I presented the poster at the COVID-19 screening area at the entrance of the hospital (evidence e – attendance register maintaining patient confidentiality/1.1d)
- ▶ I did the screening using the screening tool (evidence f/1.1d)
- ▶ I received the feedback from my supervisor and obtained the letter of participation from the health and safety manager (evidence g/1.1d)

# Examples of possible evidence for 1.1

- ▶ Source document(s):specify
- ▶ Health education tool(s)
  - A detailed poster,
  - Pamphlet
  - Presentation
- ▶ Letter of participation (highlighting your role)
- ▶ Attendance register (patients confidentiality)
- ▶ Where does it fit in above?
- ▶ How many behavioural statements are covered?

# Evaluation

- ▶ I learned how to provide advice and participate in public health Campaigns
- ▶ I subsequently participated in a diabetic screening day
- ▶ I would like to learn more on providing advice to other health care workers
- ▶ I am more aware of public health issues
- ▶ I am now more confident to volunteer to participate in public health campaigns

# Assessment

- ▶ Done (mostly) on a scale of 0 to 3
- ▶ To earn 3 marks, **ALL** requirements must be met
  - Follow Assessment Criteria for each of the 4 phases of the CPD cycle
- ▶ In addition, you must have use an
- ▶ appropriately professional communication style
  - Free of spelling and grammatical errors
  - Properly punctuated
  - Trade names capitalised

**REMEMBER:** spelling and grammar are not auto-corrected!

Check everything carefully before submitting

0: Not yet met  
1 or 2: Partially met  
3: Fully met

Check  
Manual pg  
29-30 for full  
details of  
how  
0, 1, 2 or 3  
marks  
allocated

# Assessment Grid

STEP 1: REFLECTION	*MARK RANGE	CRITERIA
Learning title	0	Direct copy of the behavioural statement <b>OR</b> similar to the behavioural statement <b>OR</b> competency standard title <b>OR</b> title not appropriate
	1	Original, descriptive and related to the case/scenario presented (i.e. related to the learning need)
Learning need	0	Irrelevant learning need <b>OR</b> learning need not linked to the behavioural statement <b>OR</b> not learning need of intern (e.g. learning need of patient or nurse, etc)
	1	General description stating the role of the pharmacist in relation to the behavioural statement.
	2	Clear learning need (i.e. what happened that triggered the learning need), but does not state what he/she hopes to achieve
	3	Clear learning need (i.e. what happened that triggered the learning need), <b>AND</b> indication of what the intern hopes to achieve after completion of the competency.
<b>Total</b>	<b>4</b>	
<b>Assessor Comments:</b>		<b>Moderator Comments:</b>

STEP 2: PLANNING	*MARK RANGE	CRITERIA
Start date	0	Invalid date (i.e. not within internship period)
	1	Valid start date (i.e. within the internship period)
Description	0	Only a description of what happened <b>OR</b> planning not related to learning need <b>OR</b> the learning need is provided
	1	Planning is provided with reasoning behind the planning <b>NO</b> specific details of resources to be used provided and <b>NO</b> linking to behavioural statement/s
	2	Planning is provided with reasoning behind the planning <b>AND</b> with specific details of resources to be used provided <b>BUT</b> not linking to at least 75% of the behavioural statements
	3	Detailed plan provided with reasoning behind the planning <b>AND</b> with specific details of resources to be used <b>AND</b> linking to at least 75% of behavioural statements
<b>Total</b>	<b>4</b>	
<b>Assessor Comments:</b>		<b>Moderator Comments:</b>

# Feedback from assessors

## ► What can you expect?

- **Comments, dated**
- Positive = acknowledgement of being on the right track
- Negative - with specific pointers with regards to what you did wrong and how to improve
- Especially with regards to evidence annotation
- Comments = guidelines for next entries, even if attached to entry assessed as Competent

# Re-assessment

- ▶ You are allowed to resubmit for re-assessment of your CPD entries
- ▶ On resubmitting –
  - fix an entry that is there
  - don't start a new one unless assessor recommends this
  - If necessary, remove incorrect evidence
- ▶ See Guidelines for
  - Conditions
  - Application procedure
  - Timeline

To minimise need for **resubmission**:  
- Submit early  
- Submit regularly on a monthly basis

# Re-assessment

- ▶ To prevent need for resubmission, **make sure to follow your assessor's recommendations**
- ▶ Re-submitted CPD entries are sent to the same assessor
  - Don't simply re-submit without attending to the reasons for the entry being deemed "not yet competent"
- ▶ You are allowed to submit 9 CPD entries
  - i.e. 6 + 50% re-submissions
- ▶ A fee is levied if 10 or more entries are submitted

# Professionalism

CPD submissions are more than “just another hurdle”, they are an opportunity for you to further develop your professionalism

- ▶ Plagiarism
- ▶ Obviously your CPD entries must reflect your own work
  - Any irregularities will be referred to the SAPC legal department
  - Penalties
    - Expect them to be applied
    - Expect them to be severe

# Confidentiality

- ▶ Must be maintained at all times
  - Rxs, trailer labels, S6 registers

Make sure the name is completely obscured  
Untidy scribbles are not effective

- ▶ Automatically **not yet competent** if confidentiality breached
- ▶ Confidentiality applies only to patients
  - **Not** doctors, hospitals or other facilities
  - **Not** to staff attendance registers
  - Be careful not to blank out all your evidence

# Role of the tutor

**NB:** Annual declaration and 6 CPD Activities

Role  
model

- Implies an obligation to be competent and practise professionally yourself

Mentor

- Opportunity for self-development through training
- Can use this for your own CPD entries

# Tutor Verification

- ▶ Evaluate the entire CPD entry
- ▶ Make sure all elements of authentication are present
- ▶ Most VIP:
  - When intern completes an entry, you must **verify it online**
  - Either accept – will release entry to Council
  - Or suggest to intern how to improve
  - Then verify and release
  - Assist the intern with assessor comments after assessment

# Role of the tutor

- ▶ Ultimate responsibility for completion of internship requirements lies with intern
- ▶ You have a responsibility to familiarise yourself with all the internship requirements and to timeously complete reports
- ▶ You play a vital role as no intern is likely to succeed without a tutor who is
  - Competent
  - Gives guidance
  - Interactive
  - Empathetic
  - Supportive
  - Etc. ....

Most NB:  
Grow with your  
intern!  
Enjoy the journey!

Think about Domain  
6: This includes  
education So tutors  
can use this  
opportunity to  
complete their own  
CPDs

# Challenging Competency Standards

Challenging Carefully consider	Only for interns from specific sector	Not for interns
1.3 1.4		
2.7 2.8		
3.3 3.5	3.1 Manufacturing	
4.1 4.2 4.3 4.5		
6.1 6.4 6.5 6.8	6.3 Academic	6.7

# And finally ...

**Learn**

**Experience**

**Become a  
true Life  
Long  
Learner**

**Succeed**

**Develop**

**THANK YOU!**
