SAPC e-Note: EXTENSION OF INTERN CPD SUBMISSION DEADLINE

Dear interns, tutors, and responsible pharmacists,

SAPC e-Note: EXTENSION OF INTERN CPD SUBMISSION DEADLINE

Pharmacist interns are required to submit CPD entries by 12h00 PM (Midday) on the last date of submission to have their CPD entries assessed within that cycle.

The Office of the Registrar acknowledges receipt of queries from interns and tutors regarding system challenges they experienced when submitting CPD entries for assessment on the 02 June 2023, which was CPD submission deadline for the cycle. The CPD submission deadline has thus been extended to allow interns who could not submit CPD entries by the CPD submission deadline, to submit their entries for assessment and for the results of the submitted entries to be released within the current CPD cycle. The CPD submission deadline has been extended with no amendments made to CPD release date as indicated in the table below:

Current submission deadline	New submission deadline	CPD results release
02 June 2023	09 June 2023	23 June 2023

Interns are advised to submit CPD entries on time to avoid disappointments and it should be noted that CPD entry submitted after the deadline will be assessed in the next cycle.

Yours sincerely,

Vincent Tlala
Registrar/CEO
