## SAPC e-Note: Change of Designation to Non-Practising

Dear Pharmacist,

### **CHANGE OF DESIGNATION TO NON-PRACTISING**

Kindly receive the attached letter confirming the change of your designation from a Practising Pharmacist to a Non-practising Pharmacist due to non-compliance with Continuing Professional Development (CPD) requirements for 2020. This change means that you may not practise any acts pertaining to the scope of practice of a pharmacist.

Should you wish to continue practising as a pharmacist, please complete the attached application form to request for your designation to be changed from non-practising to practising and submit the outstanding CPD activities for 2020.

Yours sincerely,

VM Tlala  
**Registrar/CEO**

**Accessible quality pharmaceutical services for all**
